

CHRISTUS SYSTEM PROFILE

2 0 0 8 - 2 0 0 9

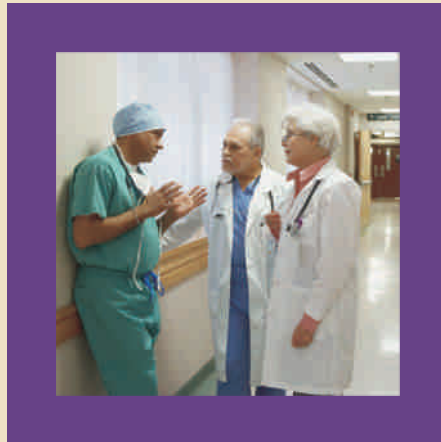

CHRISTUS
Health®

Because You Expect More.®

CHRISTUS Health is a Catholic, faith-based, not-for-profit health system comprised of almost 350 services and facilities, including more than 50 hospitals and long-term care facilities, 175 clinics and outpatient centers, and dozens of other health ministries and ventures. CHRISTUS services can be found in 60 cities in Texas, Arkansas, Iowa, Louisiana, Missouri, Georgia, Utah, and New Mexico in the United States, and Chihuahua, Coahuila, Nuevo León, Puebla, San Luis Potosí, and Tamaulipas in Mexico.

To support our health care ministry, CHRISTUS Health employs approximately 28,000 Associates and has almost 9,000 physicians on medical staffs throughout our system. Its dimension, strength, and depth of service place CHRISTUS among the top ten Catholic health systems in the United States. CHRISTUS is also listed among the nation's Top 100 Integrated Healthcare Networks. Jointly sponsored by the two religious congregations of the Sisters of Charity of the Incarnate Word in Houston and San Antonio, **the mission of CHRISTUS Health is to extend the healing ministry of Jesus Christ.**

Extending the Healing Ministry of Jesus Christ

A dedication to the CHRISTUS mission – *to extend the healing ministry of Jesus Christ* – guides our health system and all CHRISTUS healers. We are privileged and inspired by our mission, vision and core values to provide care that is exceptional both in clinical quality and service delivery. Above all, we are committed to providing our customers and their family members with a truly unique healing experience, one that embodies our values and respects the dignity and worth of each person.

Excellence

Creating a health care system that is truly excellent in all areas is an ongoing effort. At CHRISTUS Health, this endeavor is considered a continuous journey... a journey to excellence.

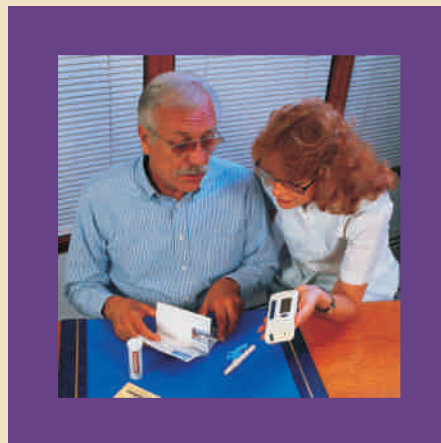

Providing a superior health care experience for our patients requires that CHRISTUS offers our Associates a work environment full of opportunity, input into process improvement, team spirit, professional development, learning experiences, and respect. We strive to continually use our resources wisely, improve our financial and operational performance, support and strengthen our local communities, and obtain the highest measurable satisfaction among our patients, Associates and physicians. We are transforming our culture and processes to nurture a diverse, highly engaged team of health care professionals committed to excellence. And we are incorporating innovation and vision into achieving and sustaining excellence at CHRISTUS for our current customers and those we will proudly serve in the future.

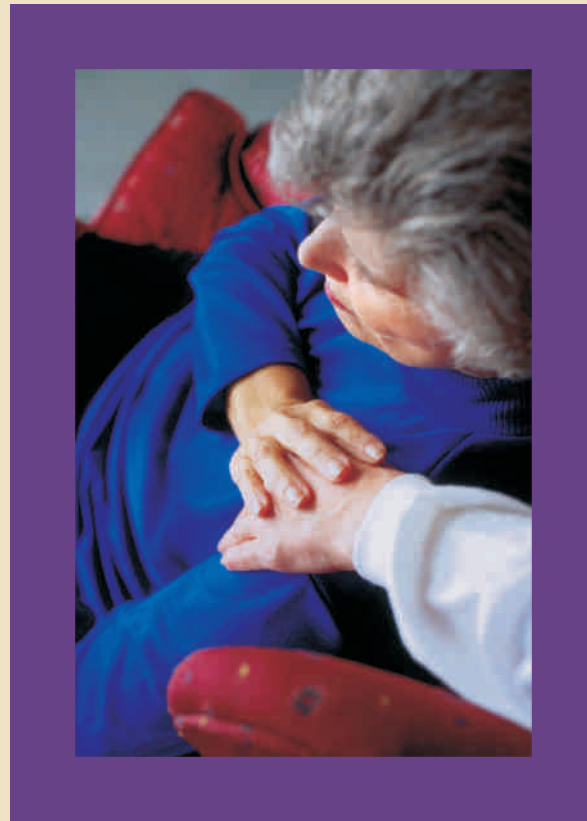

We Guarantee Our Service

CHRISTUS was the first health system in America to implement a service guarantee program. This program is based on our desire to provide consistent, exemplary customer service and quality health care outcomes. We believe that our service guarantee demonstrates to our patients, families and visitors our high standards of care and concern. Excellence in customer service flows from our core values – dignity, integrity, compassion, excellence, and stewardship. By incorporating these CHRISTUS core values into our daily work and living, we strive to make our pledge to service excellence a reality.

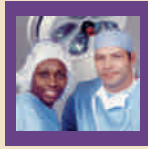

The Joint Commission, a national leader in accreditation and certification of health care organizations, surveys CHRISTUS Health facilities every 18 to 39 months. The Joint Commission sets standards that are intended to stimulate continuous, systematic and widespread improvement in an organization's performance and the outcomes of care. We are pleased to report that by demonstrating compliance with The Joint Commission's national standards for health care quality and safety, CHRISTUS Health organizations earned The Joint Commission's Gold Seal of Approval™ by undergoing triennial surveys. This designation further demonstrates the CHRISTUS commitment to excellence.

CHRISTUS Health includes almost 350 medical facilities and services including hospitals, clinics and outpatient centers, long-term care facilities, and other health care ministries throughout the United States and Mexico.

Our Mission:
WHY WE EXIST.

To extend the healing ministry of Jesus Christ.

Our Core Values:
WHAT WE BELIEVE IN.

DIGNITY Respect for the worth of every person with special concern for the poor and underserved.

INTEGRITY Honesty, justice, and consistency in all relationships.

EXCELLENCE High standards of service and performance.

COMPASSION Service in a spirit of empathy, love, and concern.

STEWARDSHIP Wise and just use of talents and resources in a collaborative manner.

Our Vision:
WHAT WE ARE STRIVING TO DO.

THE VISION OF CHRISTUS HEALTH, a Catholic, faith-based ministry, is to be a leader and advocate in creating exemplary health care services, processes, and structures that improve the health of individuals and of local and global communities so that all may experience God’s healing presence and love.

Our Name and Symbol:
WHO WE ARE.

CHRISTUS is Latin for “Christ,” and proclaims publicly the core of our mission.

OUR NAME choice also recognizes the heritage of our two congregational sponsors, the Sisters of Charity of the Incarnate Word in Houston and San Antonio. Jesus Christ is the Incarnate Word, the Word of God made flesh.

It is, therefore, only fitting that it is in another form of His name that our health ministries are called together.

OUR SYMBOL reflects the healing ministry of Jesus Christ – a combination of a medical cross and a religious cross. The flowing banner on the cross is a common symbol of the risen Christ, while the royal purple signifies Christ. The flowing banner also conveys a sense of motion as we move forward into a new era of service to our communities.
